

## Garma 2015 Yolngu Hero

The theme for this year's Garma is Walna Dalkuma: Yolngu Building our Future, Strengthening our Lives.

The Yothu Yindi Foundation places great value on enterprise and effort, mentoring and leadership, to develop and sustain healthy and strong communities. We are asking the Arnhem Land community to reward local residents who encourage and inspire their community through their positive attitude, their helpful advice, their support for family members or others in challenging and difficult circumstances, or by setting a good example for others to follow.

Perhaps someone you know has nursed an ill family member for a long time, or your child has shown a great commitment to their future by focussing on their studies.

Share your story with us and we'll happily acknowledge the importance of their ongoing contribution and the positive effect they have on their community.

### To help us do this, we need:

- To receive your official nomination via email: [admin@garmafestival.com.au](mailto:admin@garmafestival.com.au) by COB Friday 22 May, 2015
  - A high resolution image of your nominated Yolngu Hero
  - To include their Yolngu & Balanda name, including identifying family clan group
  - What Arnhemland community they are currently live in?
- 600 words regarding what they are doing or have done to earn Yolngu Hero status?
- Them to accept their awards at the Garma Key Forum from 31 July - 3 August, 2015

We know there are Yolngu super stars all over Arnhemland, and unfortunately only six Yolngu Heroes will be honored at Garma.

We encourage you to submit your nomination form now.
